The IU School of Journalism is offering four M.A. sequences: Political Journalism, Global Journalism, Health and Science Journalism, and Digital News Journalism. Our course offerings for fall semester depend on your selection. It is important that we know as soon as possible which of these sequences you will be selecting when you enter our program. So, please let us know your sequence choice as soon as possible. If you would like to discuss your options before that date, please don’t hesitate to contact the Associate Dean for Graduate Studies either by phone or e-mail.
